

UK and Ireland CPD Seminar Service

James Latham, the exclusive distributor of the New Generation material HI-MACS® Natural Acrylic Stone is currently offering a CPD service for those interested in the properties, use and fabrication of solid surfacing materials.

Solid Surfacing Material

- Material Properties
- Basic Fabrication Techniques
- Sanding and Thermoforming
- Basic, Special and External Applications
- Cleaning and Maintenance
- Environmental Issues
- Q & A

Duration: Approximately 1 hour. RIBA-accredited CPD seminar, points awarded and certificate provided. Our seminar is usually carried out at lunch time, but can be booked at other times if required. Refreshment costs will be reimbursed.

This CPD has been approved by the RIBA
